Our team's mission is to build a better future for our clients, shareholders, community, and Drake Bank. Every day, we see how our mission positively impacts local businesses and individuals, and we hope this report illustrates how deeply our mission is embedded in everything we do.

Over the past few years, we've assembled a remarkable team of experts dedicated to specific areas of focus. This past year, we enhanced our team with incredible talent for our SBA lending program, enabling us to better support local small business owners in securing the funding they need to thrive. We also introduced the First Generation and ITIN Mortgage products, helping individuals build generational wealth through the benefits of home ownership. These initiatives, along with others, underscore our commitment to building a better future for all.

Last year, we embarked on a multi-year plan to offer new and enhanced services to our clients, while preserving our relationship-based business model. Many of these services are based on recommendations from our clients, and we sincerely appreciate the valuable feedback we've received to better serve your banking needs.

I am energized by the potential that lies ahead for Drake Bank in the coming year. We have a solid team in place, and we are undertaking focused projects to optimize our service processes to deliver a more consistent client experience, creating efficiencies that will help you achieve your financial goals swiftly and elegantly.

As an independent community bank, we take immense pride in our relationships with clients, partners, shareholders, and supporters. Thank you for your interest in our mission and for your continued partnership with Drake Bank.

> GREG LARSON President & CEO

Ethical

HISTORY

Drake Bank opened for business in May 2002 and was the first new bank chartered in St. Paul in 40 years. Local investors and bankers founded the Bank after recognizing a void of personal service and local support that had developed in the industry; and were driven to help others succeed for the shared prosperity of the community.

MISSION

The essence of our mission at Drake Bank is to build a better future for everyone: it's why we come to work every day; it gives our team purpose. Our formal definition of build a better future means planning and working in a meaningful, effective, and productive manner now, to improve a stakeholder's opportunity for financial success in a period of time to come.

AWARDS RECOGNITIONS

Meet Our New Senior Leaders

Daniel Batten was promoted to senior vice president, chief credit officer in December 2024. Batten joined the Bank in February 2017 and has served as assistant vice president and vice president, commercial banker. Batten has demonstrated exceptional banking and business development skills. Additionally, he has invested in his career by studying bank leadership and management and graduating from the Graduate School of Banking.

> DANIEL BATTEN Chief Credit Officer

In March, Jeff Weldon joined the Bank as senior vice president, chief financial officer. With over 25 years of banking experience, Weldon's innovation and leadership will assist the Bank in achieving the next level of success and growth. Weldon's results-oriented experience includes helping financial institutions improve efficiency, develop strategic financial plans, and manage cash flow.

Drake Bank offers multiple mortgage options to help make homeownership accessible to all.

51 purchased homes

124 people impacted¹

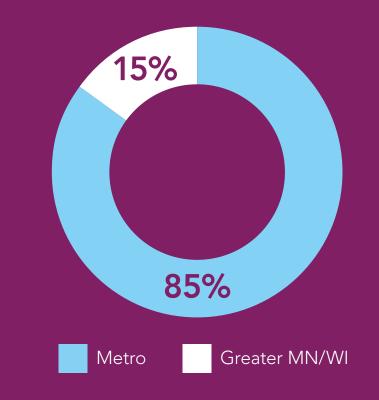

¹ Based on average persons per household, United States Census Bureau, Minnesota: <u>https://www.census.gov/quickfacts/fact/table/MN/</u>

Traditional Mortgage

Owning a home is one of the largest financial investments and aspirations for individuals. Additionally, homeownership can provide many benefits to families and their communities, such as long-term housing security, equity, credit building, family stability, and community involvement.

Our Super Mortgage Professional mortgage team offers a variety of traditional mortgage products, allowing us to tailor loan options to meet the needs of each client.

ITIN Mortgage

First-Generation Mortgage

In March 2024, we launched our ITIN Mortgage program. Individual Taxpayer Identification Number (ITIN) mortgages are designed to offer flexible and accessible financing options to individuals who may not qualify for traditional mortgages due to their immigration status or lack of an SSN. By leveraging alternative forms of identification, the ITIN Mortgage Program seeks to break down barriers and make the dream of owning a home a reality for a broader spectrum of individuals and families.

Our mortgage product offerings help provide homeownership opportunities to more individuals who may not qualify for the traditional mortgage options. While the mortgage process can be long, it provides an opportunity for these individuals to create a relationship with our team members, who are able to offer other resources and banking products to help build their credit or meet other financial goals.

By supporting these individuals and their families, we can assist them in building generational wealth and reaching goals they didn't know were possible for them. These individuals are setting a strong foundation for their families for generations to come. In June 2024, the First-Generation Homebuyers Community Down Payment Assistance (DPA) Fund was established by the Midwest Minnesota Community Development Corporation. Drake Bank was one of the first lenders to participate in this program, which is designed to help first-generation buyers achieve the dream of homeownership and reduce the racial homeownership gap in Minnesota. The First-Generation DPA Fund is open to all first-generation homebuyer households in Minnesota and provides eligible buyers with up to 10% of a home purchase price as a forgivable loan.

In 2024, the program's funds have made homeownership available for 470 new homeowners, 88% of which are new BIPOC homeowners².

ITIN PROGRAM BREAKDOWN

SALL BUSINESS As a 2024 Top SBA Lender in Minnesota, we t in our community by creating jobs, driving inr community building. According to the U.S. Ch half of the American workforce and represent

"Watching clients overcome obstacles and thrive is deeply rewarding. Seeing these businesses succeed reminds me why I do what I do: to build dreams, one business at a time."

VP, Commercial Banker & SBA Specialist

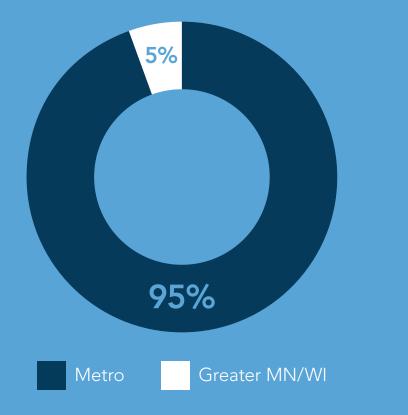

As a 2024 Top SBA Lender in Minnesota, we understand the importance that small businesses play in our community by creating jobs, driving innovation, stimulating local spending, and fostering community building. According to the U.S. Chamber of Commerce, small businesses employ nearly half of the American workforce and represent 43.5% of America's GDP¹.

Providing capital to small businesses is critical for these businesses to grow and mature. The SBA loan program is backed by the government, which allows approved lenders to offer loans to eligible small businesses with more attractive terms.

SBA loans can be used for many business needs, such as startup costs, working capital, fixed assets, and commercial real estate.

Our team works to help small business owners realize their dreams and build their businesses for a stronger future, especially when they haven't qualified for a traditional loan. As an approved SBA lender, we can step in and provide guidance and support for businesses when they don't have the necessary collateral or cash flow to support the loan they need to keep moving forward.

Supporting small businesses through the SBA loan program has allowed a mental health clinic to open and support individuals struggling in our community, a small business owner to expand their company by bringing new products to market, and a current client to buy out a business partner. Our role is to open doors to help build their businesses and pave the way for a better future.

BUILDING BETTER FUTURES, for all

Park Cleanups

We adopted Weschcke Park through the city of West St. Paul. During spring and fall months, team members visit the park every few weeks to pick up trash and fallen branches to help keep the park clean for the community. **150+**Socks

In November, we hosted a sock drive to support Our Hearts to Your Soles. Throughout the month, we collected over 150 pairs of socks that were donated to Our Hearts to Your Soles' event the weekend of Thanksgiving. Over 350 people at the Dorthy Day Campus received new footwear, socks, and a foot exam from doctors and nurse volunteers.

5 Tie Blankets

In September, as part of the Minnesota Bankers Association's Community Impact Month, we organized volunteer activities for our team members to participate in. This year, our team made tie blankets that were donated to the Kids in Need Foundation. Kids in Need Foundation offers a Teacher Resource Center that provides free supplies for teachers in Minnesota, where 50% or more students are eligible for the National School Lunch Program.

Yard Cleanup

In April, for National Volunteer Week, 6 team members volunteered with DARTS to help an older homeowner with spring yard cleanup. Team members raked leaves, cleaned flower beds, and removed fallen branches around their home. DARTS is a community-based nonprofit that helps support the independence of older adults by coordinating home services, rides, and other resources.
